

Dear Purchasing Manager,

Date: _____

I would like to introduce you to a product that I recently discovered and absolutely love! I am hoping you will carry it in your store soon. It's called Rain City Crunch. It's an addictive **gluten free** granola snack with a sweet caramel crunch kissed with a touch of sea salt. Rain City Crunch was created by two sisters out of a small bakery near Seattle, WA. This product is made by hand in small batches and contains real nuts, seeds, cream, butter, honey, cranberries and sugar, with no chemicals or additives. It has been great for our family as a quick energy snack after school, during our camping trips, in between workouts and is a big hit with guests when we entertain.

Sisters Baking Company can send you samples of Rain City Crunch, along with their other popular flavors, like Chocolate Crunch or Spicy Sisters Crunch. With the samples will be size and pricing information as well as ordering and shipping information. Simply contact them with a mailing address and your request. You can visit their website (www.sistersbaking.com), call (206-309-4259) or email (info@sistersbaking.com).

I can buy Rain City Crunch directly from Sisters Baking Company's website, but I would prefer to buy from you and I think that our neighbors would also love this product.

Thank you for considering my request. My personal information is below so you can contact me when you have Rain City Crunch available for sale.

Have a great day!
